## Kirsten Dunst

One magazine called her 'the coolest girl in the world'; another called her 'the hottest property in Hollywood'. One thing is for sure - she is a star with an exciting future ahead of her.

In 1994, she got her big break in *Interview with the Vampire*, performing with famous megastars Brad Pitt and Tom Cruise. Her performance as a creepy kid earned her a Golden Globe nomination, the MTV Award for Best Breakthrough Performance and the Saturn award for Best Young Actress.

The following year, *People* magazine included her on their list of the world's 'Fifty Most Beautiful People'. Over the next few years, she starred in more hit movies including *Little Women* (1994), *Jumanji* (1995), the romantic *Get Over It* (2001) and *Mona Lisa Smile* with Julia Roberts (2003). However, her most successful films are the *Spider-man* films (2002 and 2004) with Tobey Maguire, where she plays the part of superhero Spider-man's girlfriend, Mary Jane.

Kirsten recently started a film production company with her mother but plans to continue acting, too. So what does she want to do next? 'I don't know. You know, I love doing comedies and I love doing more serious films, too.'
